

THE MARBLE HILL PRESS.

Terms—\$1.00 a Year

THIRTY-FIFTH YEAR.

Circulation. 1,200

Vol. 35.

Marble Hill, Missouri, Thursday, August 19, 1915.

No. 10.

Southeast News.

August 9, Kennett voted dry again by a majority of 69 votes. About 800 votes were cast.

The contract has been let for a \$65,000 courthouse and a \$14,000 jail in New Madrid county, both to be completed within 200 days.

F. P. Graves, secretary of the Doe Run Lead company for a number of years and well known in this part of the state, died at his home at Farmington August 14, age 66 years.

August 6, Thomas A. Strong, who lived near Jackson, died from dropsy. He was 48 years, 2 months and 26 days. August 8, M. Green Strong of Jackson, father of Thomas A., also died of dropsy. He was 77 years, 2 months and 29 days old. Both were good citizens.

Fredericktown Democrat-News.

Alfred Short, who lives down on Greasy Creek has a cow which had twin calves May 13, 1914. On last Saturday she presented her owner with another pair of fine, strong calves. This makes four living healthy calves within fifteen months. Mr. Short values the cow very highly.

Donkirk Democrat.

Adolph Schilling had occasion to go from the Frisco depot to the south part of the city at the time the passenger train went south last Friday morning and decided to ride down a piece and jump off. He did, and with the exception of two broken wrists and a lacerated chin he is in good shape after the experience. Illinois Jimplicite.

Word was received in the city Wednesday that one of the ditch contractors living at Cape Girardeau had committed suicide by shooting himself in the head. He telephoned his wife that she would never see him alive again. She got in an auto and went to where he was at work, when he saw her he put the pistol to his head and fired. Sikeston Standard.

J. B. Stubblefield sold 450 acres of land near Malden for his company, who are Sikeston people, to Illinois people at \$100 per acre. The purchaser had sold 240 acres at \$275 an acre and purchased better land in New Madrid county, thus more than doubling his fortune. This is only one of three similar sales that Mr. Stubblefield has made recently and goes to show that lands are selling very fast in this rich country and the long looked for cutting up of the large bodies of land has begun. Poplar Bluff Republican.

At least fifteen owners of motor boats in Poplar Bluff were caught on Sunday evening violating the federal laws governing motor boats by being found in Black river without the necessary lights required by the government. The inspector, who sneaked into town quietly as you please, rounded up a lot of boat men and told them they must settle for violation of the law. And they paid without further argument, it is understood. Inspectors have been here before and given warning of what must be expected, in case the mandates of the government were not obeyed. Poplar Bluff Citizen Democrat.

Arnold, the eight year old son of Mr. and Mrs. Avorust Harris of 1017 Nooney street, was shot and killed this afternoon shortly before 3 o'clock by Earl Darnell, a ten year old boy, residing on Fairmount street. The shooting was accidental and comes as a result of small boys playing with firearms. The youngsters were playing in the back yard of a vacant house on Nooney, engaging in target shooting when the sad accident occurred. The boys were grouped for shooting when Darnell working with the rifle accidentally fired, one ball passing through the upper chest of his playmate, who dropped over,

never uttering a word before his death a few minutes later.

Reynolds County Outlook.

Sheriff Parks and Deputy Laxton departed for Bunker yesterday morning, armed with three or four warrants for parties who are charged with boot-legging whiskey, and just before going to press a message was received in Centerville from the sheriff saying he had arrested two of the parties wanted and had run one into the woods. Some very bad reports have come from Bunker the last few weeks and Prosecuting Attorney Johnson began an investigation with the above result. Not long since some parties living at Bunker found a coffin just outside outside of the town which had been partially buried and leaves thrown over the top. Several citizens went to the place and uncovered the coffin and found it filled with quart bottles containing "red liquor."

County Court Proceedings.

Court met in regular term August 9, 1915. Present: John Owens, presiding judge; W. D. Limbaugh and F. G. Lambert, associate judges; S. P. Pressnell, sheriff, and Oscar W. Young, clerk. Thomas Robins allowed \$30 for care of Sarah Hughes.

Adjourned to September 13.

Good Roads Days Proclamation

Whereas, The Good Roads Days as set by the governor of Missouri in the month of June were not generally observed in Bollinger county because of the unusually busy season for the farmers, and

Whereas, The people of our county are abundantly blessed because of the unusually good crops made and to be made during the present year, and

Whereas, The citizens of Bollinger county are as intelligent, industrious, enterprising and progressive as those of any county in Missouri, and realize the benefits to be derived from good roads, therefore,

We, The County court of Bollinger county set aside and proclaim Monday and Tuesday, August 30 and 31 as Bollinger County Good Roads Days.

We also direct the road commissioners and the road overseers of every district in the county to get their road tools in good condition and notify the people in their respective districts that they will be expected to turn out and give two full days work to the betterment of roads in their respective communities. We also hope that every man and boy over the age of 15 years will work the roads on those days. We further direct that this proclamation be published in both county papers for two weeks and that a copy of it be mailed to every road commissioner and road overseer in the county. We suggest the people in every community cooperate with their overseers, and organize before the days set to work the roads, elect their community road boss, to the end that every road in the county will be bettered by the two days' work. We further proclaim that the County court will offer prizes as follows:

Any two districts working the highest per cent of their poll, \$50.00.

Any two districts working the next largest per cent of their poll, \$25.00.

All other districts working as much as 50 per cent of their poll, \$10.00.

Every foreman must keep a list of the days work done under him together with the names of the workers; he is to certify this list to his road overseer or district commissioner. The road overseer or commissioners certify the list for the whole district to the county clerk. The money received for prizes is to be used in buying tools or making permanent

improvements on the roads in the district. JOHN OWENS, Presiding Judge. W. D. LIMBAUGH, Associate Judge. F. G. LAMBERT, Associate Judge. Attest: OSCAR W. YOUNG, Clerk.

Latest Discovery

One day Luther Burbank was walking in his garden when he was accosted by an officious acquaintance, who said: "Well, what are you working on now?" "Trying to cross an eggplant and milkweed," said Mr. Burbank. "And what under heaven do you expect to get from that?" Mr. Burbank calmly resumed his walk. "Custard pie," he said.—Ladies' Home Journal.
